Bed and Breakfast

Astoria is famous for many of the finest Bed and Breakfast accommodations in the world. This business is booming due to the excellent restoration of historic homes that are open to the public for overnight accommodation. Most feature beautiful views, antiques and tantalizing foods at one modest overnight price.

Movies Filmed in Astoria

Goonies

This 1984 adventure film had four boys searching for hidden treasure. Find the house at 324 38th Street.

Kindergarten Cop

Arnold Schwarzenegger starred in this 1990 film as an undercover cop pretending to be a kindergarten school teacher. Astor school is located at 3550 Franklin Street.

Free Willy

This family adventure tells a story of a young boy and his friendship with a captured whale, *Willy*. The 14th Street dock was turned into a fish market for this movie, and 3392 Harrison served as the boy's family residence in the film. Hammond Mooring Basin is where Willy jumped over the breakwater in the first film.

Short Circuit

A 1985 film starring Ally Sheedy, Fisher Stevens, and Steve Guttenberg. Sheedy, a restaurant worker, befriends a high tech robot who believes he's alive. 197 Hume Street is the residence where Sheedy's character lived. The Astoria-Megler Bridge is prominent in the chase scene as some robots took a flying leap off after being pursued by movie villains.

Teenage Mutant Ninja Turtles 3

Filmed the summer of 1992. This Ninja Turtles' adventure goes back in time to 16th Century Japan. They are on a rescue mission for April, their friend. Most of the movie was shot at the old Navy hanger at Tongue Point. The sound stage is not open to the public. At the Desdemona Club, 2997 Marine Drive, you can still see where the Japanese warriors learned to play pinball.
